Work Experience

Turnbull Equine Productions — *(Remote)* **Laurens, SC**
Digital Strategy Contractor — *September 2026 - Present*

- Rebuilding and migrating the company website, restructuring information architecture and UX flows to improve how customers navigate listings and brand information.
- Developing a coordinated brand media suite across graphics, video, music, website content, and social channels to create a more unified digital presence.

Madison Art Consulting — *(Remote)* **Hilltop, NJ**
Assistant Consultant & Marketing Coordinator — *November 2025 - February 2026*

- Led an end-to-end client engagement from initial requirements through final delivery, coordinating between management, designers, installation team, and the client.
- Evaluated practical applications of AI and emerging technology for creative and corporate workflows, translating findings into recommendations for company leadership.

Consulting Intern — *September 2025 - November 2025*

- Built custom Python-, Excel-, and HTML-based workflows to clean, validate, and deliver hundreds of inventory records representing more than $500,000 in client assets.
- Led one business proposal (and supported another) by developing research, presentation materials, creative concepts, and client-facing recommendations.

Private Clarinet Instructor — *June 2024 - September 2024,* **Fort Collins, CO**

- Designed and delivered individualized weekly lessons for beginner students, adapting curriculum, repertoire, and creative exercises to fit each student's goals and learning style.

Selected Projects

Independent Film Studio: Strategy Consultant

- Analyzed content performance, publishing structure, and creative format to identify barriers to sustainable growth.
- Recommended data-informed changes that increased typical video viewership from approximately 500–1,000 views to more than 10,000 views per video.

Creative Media Net - UCI: Co-Founder and Technical Director

- Co-founded and independently built a public digital platform for UC Irvine creatives, owning product strategy, UI/UX, development, data architecture, and deployment from concept through launch.

Content Production: Producer and Content Strategist

- Produced and oversaw 150+ videos across YouTube, Instagram, and TikTok, generating 35M+ views, 5M+ additional interactions, and 25K+ followers through iterative content and audience strategy.

Dart Job Companion: Mobile Frontend Developer

- Led product strategy, UX design, and development of a personalized job-discovery MVP, translating user needs into recommendation logic, interaction flows, and supporting data architecture.

Selected Awards

Best Sound Design for a Short Film - College 48, National Recognition, 2026
Principal All-State Musician - Colorado All State & Colorado University Honor Festivals, 2024
